ABOUT ME

Aspiring Data Scientist and B.Tech C.S.E student with hands-on project exprience in Python, Data Processing, Machine Learning, and Predictive Modeling. Eager to apply Analytical and Problem-Solving skills to real-world data science challenges.

INTERNSHIP EXPERIENCE

Data Science

Teachnook.Pvt.Ltd — Oct/2024-Nov/2024

Worked on data science concepts, data preprocessing, exploratory data analysis, and machine learning fundamentals. Gained practical exposure to analyzing datasets and understanding data-driven problem-solving techniques.

Inventory Management System

UFlex Pvt.Ltd — June/2025-July/2025

Worked on inventory management concepts, focusing on stock tracking, inventory records, and efficient data organization. Explored methods to improve inventory monitoring and reporting.

Data Science

Sipher Web Pvt.Ltd — May/2026-July2026

Gained exposure to Python programming, data analysis, data visualization, and machine learning workflows. Practiced data preparation and analytical techniques for extracting meaningful insights from datasets.

Data Science

Academic Of Skills Development — July/2026-Aug/2026

Worked on a Multiple Disease Prediction project using machine learning techniques. Explored healthcare data preprocessing, model development, and predictive analysis to understand data-driven disease prediction.
